

# A HEALTHIER HAMILTON COUNTY: SYSTEMS OF CARE

## STRATEGIC PLAN GRAPHIC

Delivering on our Vision and Mission for the next 3-5 years.

### VISION

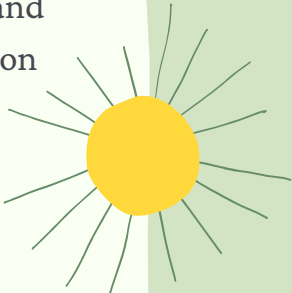

Equal opportunity for all to live in a healthy and supportive community.

### MISSION

Partnerships to strengthen resources, empower families and individuals, and be leaders in community health innovation within Hamilton County.

### VALUES

- Innovation
- Community
- Collaboration
- Equity/Equality

### FOCUS AREA 1

Create, support and promote a healthy county through valuable community collaborations that champion innovative initiatives and foster equitable accessibility.

### GOALS

Generate quantifiable improvements in the whole-person health and well-being of Hamilton County residents by making healthy options more accessible in an equitable manner.

### ACTION STEPS

- Provide a resource repository for the county.
- Pilot a county-wide Service Capacity Alliance that will design and implement peer-to-peer safe crisis de-escalation spaces.

### FOCUS AREA 2

Lead and actively develop partnerships across traditional and non-traditional players in health and wellness for effective and efficient impact that meets the needs of the county.

### GOALS

1. Recognize and advocate for marginalized populations within Hamilton County.
2. Place emphasis on all aspects of early childhood health and its impact.

### ACTION STEPS

1. a) Intentionally invite DEI groups from Hamilton County to System of Care Monthly Consortium meetings to promote cross-system collaboration. b) Inspire the use of an equitable and inclusive lens by all consortium members. c) Incorporate inclusion advancement in monthly consortium meeting agendas.
2. Design Stakeholder Visioning group then begin to innovate around those problems families face regarding their early childhood system experience.
